

Silent Letters Task

This week we have been working on silent letters.

How many words you can find that begin with 'gn' or have 'gn' in them.

These are the ones that we found in class.

gnu		gnat		sign	
gnome		reign		design	
lasagne		champagne		gnaw	

Your task is to write 5 sentences of your own using words with 'gn' in. Can you add a conjunction to extend your sentences? (but, so, and, because...)

e.g.

1. The cheeky gnat bit my leg **so** it was very itchy.

Challenge

Find and write sentences with silent 'kn' in

e.g.

1. The knight stood proudly at the gates on the castle, with his shining armour.
