

Music

Create an eco song and add music to it.

Upcycling

Make something new from something that you were going to throw away

Sustainability

Research sustainability and create a report to share with consumers
Which products should we buy?
Which are ones to avoid?

Map work

Track your local walk/exercise area on a map- could use strava too and count your miles in a week. Create a graph of steps/miles travelled each day. Which day were you most active?

Endangered Animals

Create a non chronological report about endangered animals around the world

Plastic pollution

Create a statistical report about plastic pollution around the world

Research changes over the past few weeks (since lockdown)

What has happened to our planet ecologically since lockdown? Prepare a fact file to convince others to change their habits

Creative writing

Write a poem to convince others to recycle

Art

Create a piece of art work representing our ecological struggle on our planet
