

As the sats came
It wasn't quite the same.
Paper, pens, rulers and much more
Had all been dropped on the floor.
With nothing else to do
A project grew.

It went by the name [Secret Squirrel](#).

As the week went on
There were challenges every day
And smiles of happiness all the way.
From tidying your room to making meals,
With our grownups we made pretty good deals.
Then the week came to an end
And video calls started to send.
All of year six got involved
We may be apart but we came together
And proved that the Class of 2020
Are true winners!
