

# Wyburns Home School Policy

*'Every child has brilliance inside them. Our job is to dig it out and give it to the world!'*

UNICEF- Article 5 ( Parental Guidance)

- Governments must respect the rights and responsibilities of parents to guide and advise their child so that, as they grow, they learn to apply their rights properly.  
Article 18 (parental responsibilities; state assistance)
- Both parents share responsibility for bringing up their child and should always consider what is best for the child. Governments must help parents by providing services to support them, especially if the child's parents work.  
Article 28(right to an education)
- Every child has a right to an education.

## Our vision-

At Wyburns we work in partnership with all members of our community to nurture, support and develop each individual; educationally, socially and emotionally. We strive to match individual needs, creating a safe, positive climate for learning; to engage and inspire.

We strive hard academically but take equal care to develop children as well rounded individuals supporting their abilities and building confidence through their learning.

We recognise the needs and aspirations of all individuals and create opportunities for all pupils to make the best possible progress and attain the highest personal achievements. Adults work hard to provide a creative, innovative learning environment..

**Shared Moral rooting-** The driving force that gives ethical and moral validity to the organisation. A higher purpose that can be relied upon to drive the organisation. A rooting is long lasting and outlives the wishes of one individual or another.

- [UNICEF rights of child](#)

**Shared Values-** Actions and things we do day to day; we live our values to get to our vision:

## Schools for Every Child

- **Altruistic-** Doing good things whenever, however and to whoever you can
- **Pioneering-** striving to discover new things and exceed expectations
- **Ethical-** Making conscious decisions to be kind and fair

**Shared Vision-** an aspiration for the future. This holds the different parts of the organisation together. The shared vision is something each part works towards, in its own way. Specific enough that it stands you apart from others in the same field.

## Wyburns Values

*We respect ourselves.*

*We respect others.*

*We respect our school.*

*We aim to be the best that we can be!*

- **Nurturing Brilliance, Guiding Exploration, Cultivating Respect-** a committed journey to put every learner's individuality, curiosity, and dignity at the forefront of the world that awaits.
