Part A: Pupil premium strategy plan

Statement of intent

Addressing disadvantage is a priority for Wyburns Primary School. We pride ourselves on early intervention and understanding how disadvantage impacts on our learners using robust assessment methods. We use evidence based approaches, which are implemented effectively and consistently reviewed and evaluated.

All staff have high expectations of all pupils, irrespective of background or barriers to learning. We are committed to meeting all pupils' pastoral, social and academic needs within a caring environment which impacts positive pupil outcomes. We pride ourselves on using an individualised approach.

High quality teaching is at the heart of our approach. Our whole school approach will benefit all learners and have the greatest impact on closing the attainment gap for disadvantaged children. Target support will also be in place as well as wider strategies to support disadvantaged learners.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Core skills of reading Our assessments indicate that reading attainment among disadvantaged pupils is significantly below that of non-disadvantaged pupils. Disadvantaged pupils have greater difficulty with early reading skills.
2	Core skills of maths Our assessments indicate that maths attainment among disadvantaged pupils is significantly below that of non-disadvantaged pupils.
3	Speech Language and Communication Assessments, observations and discussion with pupils indicate underdeveloped oral language skills and vocabulary gaps among many disadvantaged pupils.
4	Attendance 94% on average last year. This is higher than usual due to home learning. Persistent absentees are mostly disadvantaged. Our assessments show that attendance is impacting pupils' progress in a negative way.

5	<p>Wellbeing of pupils and families</p> <p>Teacher referrals for support have increased due to the pandemic. Many disadvantaged pupils require additional support for social and emotional needs and are receiving 1:1 support or group intervention.</p>
