

Good Morning Year 6,

Good Morning Year 6,
As the dawn of our residential approaches, we want to make things extra special for you all. This week we want you all to have a fantastic time making memories. Get ready for another busy week!
As on real Year 6 camp there will also be **prizes for the most enthusiastic, creative, helpful, funniest etc!** Your parents can then let us know how many points they would award you for chores at home as well as the tasks and challenges. They can also award points for attention to detail, engagement, kindness etc They will then send us a daily total (for you) and we will announce the winners at the end of the week. You will also receive a Gold, Silver or Bronze award according to your level of participation :)

So how will it work? We have some fabulously creative ideas for you to do this week (see below). In addition, your task for this week is to create a new school! You will need to design the building; the classrooms; the timetable; the curriculum; design the décor; write an advert for the jobs for the staff and create a lunchtime menu. A model of the school would be amazing too! You can add as much detail to your project as you would like to!

You will have a budget of £500,000 to spend. This must be used for EVERYTHING to get your school up and running. Take care not to over spend!

We are really looking forward to seeing all of your fantastic photos and your end results. If you have any questions at all, please get in touch with us via homelearning@wyburns.org
We hope you have a wonderful time!
