

Year 3—Why do people live near volcanoes?

Autumn 2 Homework Menu

Please select one of these activities that you would like to create over the Christmas holidays. You have up until Friday 16<sup>th</sup> January so please take your time and produce something that you are proud of.

English

To write a news report about a natural disaster. You must include factual language, descriptive language by using expanded noun phrases, adverbs and prepositions. Also, consider creating a headline that is going to hook the reader in.

Art

To create a mixed media natural disaster scene. You must consider how you will reflect the different textures and objects in the scene e.g. if you are creating a volcano scene, how will you differentiate between the texture of the rock and the lava?

Geography

Choose a volcano to research and create a fact file about. You must include information about where the natural disaster has occurred before and some explanation about what geographically causes that disaster to happen.

Science

To research and plan an experiment to create an exploding volcano. Please send in your videos to share or bring in the exploding volcano!
