Head of School: Mrs Jo Sampson

9th January 2026

Dear Parents/Carers,

It has been brought to our attention that a number of children are playing the online game Roblox. While Roblox can be an enjoyable platform, we would like to raise awareness of some potential concerns. The game includes online interactions, chat features, and user-generated content, which may expose children to inappropriate language, content, or contact if not closely monitored. As with all online platforms, it is important that children are supported to use these safely.

We strongly encourage parents and carers to:

- Monitor their child's online activity
- Ensure appropriate privacy settings and parental controls are enabled
- Speak regularly with their child about staying safe online and reporting anything that makes them feel uncomfortable

To help support families in keeping children safe online, we recommend using the guidance and free training available at:

<https://esafetytraining.org/>

This website provides clear advice for parents on online gaming, social media, and digital safety.

Thank you for your continued support in helping us keep all children safe both in school and at home.

Yours sincerely,

Mrs Jo Sampson

Head of School
