

PINE CLASS

SUMMER TERM – 22ND MAY

WHAT WE LEARNED

This week in English, the children have been writing character descriptions based on the characters from Jack and the Beanstalk, focusing on using descriptive language to bring their characters to life.

In Maths, we have been learning to tell the time, concentrating on o'clock and half-past times.

In Science, the children carried out an experiment and explored data by measuring and comparing the widths of tree trunks.

In PSHE, we have been learning about spending and saving money, discussing why it is important to make thoughtful choices with our money.

In DT, the children explored the concept of stability by balancing objects on their heads and working together to balance objects on one another.
