

PINE CLASS

SUMMER TERM

WHAT WE LEARNED

This week, the children explored the story of Jack and the Beanstalk, thinking about events from different characters' perspectives and discussing how they might have felt throughout the story. In Maths, we developed our measuring skills by using everyday objects to compare and measure length and height. In Music, the children showed great creativity by composing their own superhero theme tunes, using different sounds and rhythms to represent heroic characters. In Computing, we learned about data, discussing what it is, why it is important, and exploring simple ways to collect and represent information. Well done to everyone for their enthusiasm and engagement this week.

UPCOMING EVENTS

JUNE

30

Mushroom theatre
Year 1 - animals
