Wyburns Primary School

Home School Agreement

Wyburns Primary School is a UNICEF Rights Respecting School.

UNICEF Article 5; parental guidance
- Governments must respect the rights and responsibilities of parents to guide and advise their child so that, as they grow, they learn to apply their rights properly.

UNICEF Article 18; parental responsibilities; state assistance
- Both parents share responsibility for bringing up their child and should always consider what is best for the child. Governments must help parents by providing services to support them, especially if the child's parents work.

UNICEF Article 28; right to an education
- Every child has a right to an education.

At Wyburns, we firmly believe that the partnership between Home and School is crucial to every child's social, emotional and academic development, achievement and well-being. The Home-School agreement is intended to provide a framework to enhance this partnership and set out expectations of each other in order to provide the best educational experience for every child.

- teach your child to develop a positive and respectful attitude towards one another, regardless of gender, race, culture, belief, values, age or need.
